

FAU China Convoy: List of All Members identified as at 17th August 2015

Notes:

1. All names listed by alphabetically by surname / family name.
2. Names are listed by nationality at the time of their joining the China Convoy.
3. The names by which some members were known (as opposed to their given names) are shown in inverted commas.
4. The names of spouses who were also China Convoy members are given in brackets.
5. The names of Chinese members are given in the contemporary Wade-Giles system of Romanisation, or in some cases contemporary approximate phonetic equivalents. Their adopted English names are shown in inverted commas. Modern pinyin names and Chinese characters where known are displayed **in bold**.
6. Individuals seconded to the China Convoy from the British Red Cross Society and other organisations are indicated where known.
7. Those who died during or shortly after their service in China are highlighted **in red**.
8. The several hundred Chinese who worked as employees of the China Convoy are not currently listed.
9. This list has been derived from a range of different sources and with input from surviving China Convoy members. It is almost certainly not definitive and may also include a number of minor inaccuracies.
10. The names of anyone not listed who served with the China Convoy, together with any other corrections or comments about the list, would be welcomed and can be sent via the Contact Us link on the China Convoy website www.fauchinaconvoy.org
